Wednesday Challenge Form

Group Members: P4

Problem Statement: make a box out of the given Pipe pieces in order to make the corresponding box, with one person blindfolded.

Approach: We worked in pairs and over time Added to each others success. We had to have a lot of communication in Order to keep up the success. We worked very hard in order to keep Up our win and each person had to get involved in order to get the time. As slow as possible.

Solution: we won 36 min to 37 min.

Lessons Learned: keep involved in order to Ensure success.
